DOLLAR ENERGY FUND

What is the Dollar Energy Fund?

It's a non-profit organization that helps low-income families pay their utility bills.

How Does It Work?

Eligible families must apply for all available energy assistance grants before applying to the Dollar Energy Fund. They must also meet their grant program guidelines that include making a sincere effort to pay their bills. After Dollar Energy approves the application, funds are applied towards their utility accounts.

How can someone apply for Dollar Energy?

Applications for the Dollar Energy Fund are available at the Citizens' Electric office or online at citizenselectric.com/dollarenergy.asp

How can I help?

Your tax-deductible donation of \$1 or more will be added to your monthly electric bill. You can designate your donation amount on the return stub of your bill or the backside of this notice and you may stop your donation at any time by simply notifying us.

We'll double your contribution!

Citizens' Electric will match 100% of every dollar donated by our customers. This means that every \$1 donated becomes \$2, and 100% of those contributions are used to provide energy grants to needy families. Not one penny is applied to administrative costs since Dollar Energy Fund raises administrative monies through other sources.
