**CITIZENS' ELECTRIC COMPANY OF LEWISBURG, PA**
**NOTICE OF PROPOSED RATE INCREASE AND TARIFF CHANGES**

To Our Customers:

Citizens' Electric Company of Lewisburg, PA (Citizens' or the Company) is filing a request with the Pennsylvania Public Utility Commission (PUC or Commission) to change your electric rates as of June 29, 2025. It is likely that the Commission will suspend the effective date for this filing to investigate our costs, which will result in the new rates taking effect in late 2025 or early 2026. This notice describes the Company's rate request, the PUC's role, and what actions you can take.

## Rate Request

Citizens' has requested an overall distribution service rate increase of $1.79 million per year. This request is for an increase of about 11% of the Company's total annual revenues for generation, transmission and distribution. The changes will be shown in the distribution portion of customers' bills. This overall rate increase will ensure that Citizens' is able to continue to offer safe and reliable electric distribution service. If this filing is approved, it will also reset the State Tax Adjustment Surcharge to 0.00% and adjust the Generation Supply Service Rate to reflect the roll-in of the taxes. This will have zero net impact on the generation portion of your bill.

If the Company's entire request to increase rates by $1.79 million is approved by the PUC, the total bill for a residential customer purchasing electricity from Citizens' and using 1,250 kWh per month would increase by $17.63 per month, from $163.89 to $181.51. This is about an 11% increase in your total charges.

The total bill for commercial class customers purchasing electricity from Citizens' will vary depending on billing demand and rate schedule. For example, the bill for a commercial customer purchasing electricity from Citizens' on Schedule GLP-1 with a 10 kW demand using approximately 3,650 kWh per month would increase by $20.14 per month, from $405.92 to $426.5. This is about a 5% increase in your total charges. The bill for a commercial customer on Schedule GLP-3 with a billing demand of 150 kW using approximately 54,750 kWh per month would increase by $303.32 per month, from $5,715.48 to $6,018.79. This is about a 5.3% increase in your total charges.

Bills for other types of customers, including customers purchasing street and area lighting service or space heating service from Citizens', will also change. Any residential, commercial or other type of customer can contact Citizens' for an estimate of the impact of the proposed rate changes on its annual payments to the Company.

## Tariff Changes

The Company is proposing several changes to its tariff. The specific tariff changes are included in the materials available from the Company.

## More Information Available

To find out your customer class, how the requested increase may affect your electric bill, or if you are interested in reviewing the material filed with the PUC, contact Citizens' at 570-524-2231. The rates requested by the Company may be found in Tariff Supplement No. 172 to Tariff Electric- Pa. PUC No. 14. You may examine the material filed with the PUC which explains the requested increase and the reasons for it. A copy of this material is kept at Citizens' office. Citizens' is open from 7:30 AM to 4:00 PM Monday through Friday. Citizens' office is located at 1775 Industrial Boulevard, Lewisburg

PA. A copy will also be posted on Citizens' website at www.citizenselectric.com. Upon request, the Company will send you the Statement of Reasons explaining why the rate increase has been requested.

**PUC Role**

The state agency that approves rates for public utilities is the PUC. The PUC will examine the requested rate increase and can prevent existing rates from changing until it investigates and/or holds hearings on the request. The Company must prove that the requested rates are reasonable. After examining the evidence, the PUC may grant all, some or none of the request or may reduce existing rates.

The PUC may change the amount of the rate increase or decrease requested by the utility for each customer class. As a result, the rate charged to you may be different than the rate requested by the Company and shown above.

**Actions You Can Take**

There are three ways to challenge a company's request to change its rate:

1. You can file a formal complaint. If you want a hearing before a judge, you must file a formal complaint. By filing a formal complaint, you assure yourself the opportunity to take part in hearings about the rate increase request. All complaints should be filed with the PUC as soon as possible. If no formal complaints are filed, the Commission may grant all, some or none of the request without holding a hearing before a judge. The PUC has a form called the Formal Complaint to a Proposed Rate increase that is available on the PUC's website at www.puc.pa.gov/complaints/formal-complaints/ or upon request to the PUC. The PUC can be contacted at 1-800-692-7380 or at the following address: Pennsylvania Public Utility Commission, 400 North Street, Commonwealth Keystone Building, 2nd Floor, Harrisburg PA 17120. Your complaint can be filed electronically with the PUC. Information regarding electronic filing is available at https://efiling.puc.pa.gov/.

2. You can send the PUC a comment telling them why you object to the requested rate increase. Sometimes there is information in these comments that makes the PUC aware of problems with the Company's service or management. This information can be helpful when the PUC investigates the rate request. The PUC has a form called Comment to a Proposed Rate Increase that is available on the Commission's website at www.puc.pa.gov/complaints/formal-complaints/ or upon request to the PUC. Send your comment form or letter to the Pennsylvania Public Utility Commission, 400 North Street, Commonwealth Keystone Building, 2nd Floor, Harrisburg PA 17120. Your comment form or letter can be filed electronically with the PUC. Information regarding electronic filing is available at https://efiling.puc.pa.gov/.

3. You can be a witness at a public input hearing. Public input hearings may be held if the Commission opens an investigation of the Company's rate increase request and if there is a large number of customers interested in the case. At these hearings you have the opportunity to present your views to the PUC judge hearing the case and the Company representatives. All testimony given "under oath" becomes part of the official rate case record. These hearings may be held in the service area of the Company in person, telephonically or virtually.
